

Closing Addenda

For all: (Begin to speak as you start walking to time your part to finish at the Altar.)

W.A.: Before we part there is a message I would leave,
Every word I speak, every song I sing,
Shall be of the good I have found in thee.
I'll not look for the flaws or the wrongs,
But with the sure Rainbow spirit,
Every thought of mine shall be of the good in thee and in thine.

WAA: I too have a message for each one here,
That we love one another throughout the year.
That we look for the good in both you and me,
As we part, this message I leave with thee.

CHARITY: From the North, the message of love I send,
The love of kindred, the love of friend.
May each message of love set sail on life's sea,
Return and bring happiness to you and to me.

HOPE: The message I leave is in the right,
As we go to our several homes tonight,
That God may send to the heart of each one,
Thoughts of kindness now this day is done.

(Turns to face the Altar)

FAITH: May these messages brought to us from the East and the West
(W.A. & W.A.A. join right hands across the Altar)
and the North and the South
(Hope & Charity join right hands under others)
Make us grateful to our Assembly we come,
May God bless and keep each one. Until we meet again.
