

Orator

A Rainbow of color, the warmth and beauty of which appears in the sky after the storm clouds have passed over, represents God's symbol of his presence in the heavens to his children.

The bow is symbolic of a pathway which leads to Life's treasures in our initiation. Its colors are closely intermingled with our everyday life, activities, thoughts, and actions. These colors which surround us are of great significance in our lives and we should respect them.

You have learned from the seventh lesson that those who serve are the crowned queens of every assembly. For recognition of this service, we give a merit bar for a certain number of points each term. You receive one for each color of the Rainbow. There are many ways to earn these points and they are listed on the point sheet which you will receive. When you have earned all seven of your merit bars, the Pot of Gold, and the wreath, your pin is completed. This does not mean, though, that you are through serving your Assembly, for you can still earn the Grand Cross of Color. It is the highest honor conferred upon any Rainbow Girl. It symbolizes the mastery of the art of serving.

Your success at the end of the Rainbow in earning the Pot of Gold and discovering more of its contents will depend on you and how well you can master that art. Give of your time and talents and you will be rewarded.
